The Journal of Psychology, 121(6), 635-640

Index to Volume 121

This annual index is organized by first author and by title page. Page numbers refer to the following issues:

Number 1 (January): 1-104
Number 2 (March): 105-208
Number 3 (May): 209-312
Number 4 (July): 313-408
Number 5 (September): 409-524
Number 6 (November): 525-641

AUTHOR INDEX

Ahlering, R. F. *Predicting voting choice from within- versus across-subject attitudes*, 623-627.

Biaggio, M. K. *A survey of psychologists' perspectives on catharsis*, 243-248.

Breznitz, Z. *Reducing the gap in reading performance between Israeli lower- and middle-class first-grade pupils*, 489-497.

Burnell, G. M., & Norfleet, M. A. *Women's self-reported responses to abortion*, 71-76.

Calabrese, R. A. *A comparative analysis of the effects of alienation on public and private school females*, 237-242.

Calhoun, G., Jr., & Sethi, R. *The self-esteem of pupils from India, the United States, and the Philippines*, 199-202.

Chambers, W. V., Grice, J. W., & Fourman, T. A. *The validity of Landfield's measure of personal construct ordination*, 521-523.

Chiu, L. H. *Sociometric status and self-esteem of American and Chinese school children*, 547-552.

Chow, S. L. *Some reflections on Harris and Rosenthal's 31 meta-analyses*, 95-100.

Chow, S. L. *Meta-analysis of pragmatic and theoretical research: A critique*, 259-271.

Cortese, A. *The internal consistency of moral reasoning: A multitrait-multimethod assessment*, 373-386.

Cote, J. A., Buckley, M. R., & Best, R. J. *Combining methodologies in the construct validation process: An empirical illustration*, 301-309.

Dalal, A. K. *Contextual effects on category rating scales*, 479-487.

Damhorst, M. L., Littrell, J. M., & Littrell, M. A. *Age differences in adolescent body satisfaction*, 553-562.

Dimitrovsky, L., Perez-Hirshberg, M., & Itskowitz, R. *Depression during and following pregnancy: Quality of family relationships*, 213-218.

Ebersole, P., & DePaola, S. *Meaning in life categories of later life couples*, 185-191.

Fabes, R. A. *Effects of reward contexts on young children's task interest*, 5-19.

Flynn, S., Reichard, M., & Slane, S. *Cheating as a function of task outcome and Machiavellianism*, 423-427.

Gall, T. L., & Evans, D. R. *The dimensions of cognitive appraisal and its relationship to physical and psychological well-being*, 539–546.
Gebotys, R. J., & DasGupta, B. *Attribution of responsibility and crime seriousness*, 607–613.
Geyer, P. D., Brannon, Y. S., & Shearon, R. W. *The prediction of students' satisfaction with community college vocational training*, 591–597.
Goodman, J. F. *Diagnosis and intervention in young children: The continuing gap*, 21–35.
Guastello, S. J. *Alcohol and drug use and involvement in automobile accidents*, 335–340.
Gunn, W. D., & Horvath, P. *The effects of an anti-nuclear war film on attitudes toward nuclear issues*, 615–622.
Hirschowitz, R. *Behavioral and personality correlates of a need for power in a group of English-speaking South African women*, 575–590.
Hsu, L. R., Hailey, B. J., & Range, L. M. *Cultural and emotional components of loneliness and depression*, 61–70.
Jackson, L. A., Sullivan, L. A., & Hymes, J. S. *Gender, gender role, and physical appearance*, 51–56.
Jung, J. *Anticipatory excuses in relation to expected versus actual task performance*, 413–421.
Juni, S., Nelson, S. P., & Brannon, R. *Minor tonality music preference and oral dependency*, 229–236.
Kagan, D., & Pietron, L. R. *Cognitive level and achievement in computer literacy*, 317–327.
Kagan, D. M. *Addictive personality factors*, 533–538.
Kallio, K. D., & Cutler, B. L. *Does lexical marking affect eyewitness recall?* 249–258.
Klein, H. A. *The relationship of temperament scores to the way young adults adapt to change*, 119–135.
Ladouceur, R., & Maynard, M. *The level of involvement and the timing of betting in roulette*, 169–176.
Lanning, K. *Some reasons for distinguishing between "non-normative response" and "irrational decision,"* 109–117.
Lipton, J. P., & Garza, R. T. *Sociocultural assumptions of federally sponsored follow through programs*, 37–50.
Lipton, J. P. *Stereotypes concerning musicians within symphony orchestras*, 85–93.
McCabe, A. E. *Failure in class-inclusion reasoning in a university sample*, 351–358.
McCann, S. J. H., & Stewin, L. L. *Threat, authoritarianism, and the power of U.S. presidents*, 149–157.
McCaughey, B. G., Kleiger, J. H., Miller, A. C., Reyes, A. F. C., & Nathan, H. W. *Clinical observations concerning active duty veterans with post-Vietnam adjustment problems*, 159–168.
Monfries, M. M., & Kafer, N. F. *Neglected and rejected children: A social-skills model*, 401–407.
Musser, L. M., Graziano, W. G., & Moore, J. S. *Developmental and contextual influences on the processing of information about peers*, 387–400.
Nida, R. E., & Lange, G. A. *A note on young children's recall-memory proficiency with strange and familiar experimenters*, 567–574.
Nunn, G. D., & Parish, T. S. *An investigation of the relationships between children's self-concepts and evaluations of parent figures: Do they vary as a function of family structure?* 563–566.
Onocha, C., & Okpala, P. *Family and school environmental correlates of integrated science achievement*, 281–286.
Pandey, J., & Singh, P. *Effects of Machiavellianism, other-enhancement, and power-position on affect,*

power feeling, and evaluation of the ingratiator, 287–300.
Patterson, K. S., Gates, L. J., & Faulkender, P. J. *Assessment of death attitudes: An empirical approach*, 473–477.
Pefley, W. R. *Locus of control and hostility: Sex differences*, 329–334.
Perloff, R. M., & Krevans, J. *Tracking the psychosocial predictors of older individuals' television uses*, 365–372.
Pfefferbaum, B., Mullins, D., Rhoades, H. M., & McLaughlin, E. J. *Rorschach assessment of borderline children*, 219–228.
Pollak, J. *Relationship of obsessive-compulsive disorder: A review of the literature*, 137–148.
Pulakos, J. *Brothers and sisters: Nature and importance of the adult bond*, 519–520.
Range, L. M., & Thompson, K. E. *Community responses following suicide, homicide, and other deaths: The perspective of potential comforters*, 193–198.
Ravinder, S. A. *A measure of sex role salience*, 203–205.
Reeve, J., & Cole, S. G. *Integration of affect and cognition in intrinsic motivation*, 411–448.
Roborgh, P., & Stacey, B. G. *Happiness and radical career change among New Zealanders*, 499–511.
Schumaker, J. F. *Mental health, belief deficit compensation, and paranormal beliefs*, 449–455.
Scott, R. *Gender and race achievement profiles of black and white third-grade students*, 629–634.
Shek, D. T. L., Hong, E. W., & Cheung, M. Y. P. *The purpose in life questionnaire in a Chinese context*, 77–83.
Simmons, D. D. *Self-reports of eating behavior, goals, imagery, and health status: Principal components and sex differences*, 57–60.
Stich, M. H., Weiss, R. F., Cramer, R. E., & Feinberg, R. A. *Reinforcing functions of altruism and leaving the scene*, 457–471.
Stimpson, D. V., & Waranusuntikule, S. *Mediating effects of material payment, social reinforcement, and familiarity on foot-in-the-door phenomena in Thailand*, 513–517.
Terpstra, D. E., & Baker, D. D. *A hierarchy of sexual harassment*, 599–605.
Tremblay, C., Kirouac, G., & Dore, F. Y. *The recognition of adults' and children's facial expressions of emotions*, 341–350.
Vroon, P. A. *Models of educational career with and without IQ measurements*, 273–279.
Walsh, A., Beyer, J. A., & Petee, T. A. *Love deprivation, Wechsler performance > verbal discrepancy, and violent delinquency*, 177–184.
Wicker, F. W., Lambert, F. B., Groves, K., & Morgan, R. D. *Convergent evidence for basic motivational dimensions*, 429–440.
Ziv, A. *The effect of humor on aggression catharsis in the classroom*, 359–364.

TITLE INDEX

Addictive personality factors. *Dona M. Kagan.* 533–538.
Age differences in adolescent body satisfaction. *Mary Lynn Damhorst, John M. Littrell, & Mary Ann Littrell.* 553–562.
Alcohol and drug use and involvement in automobile accidents. *Stephen J. Guastello.* 335–340.
Anticipatory excuses in relation to expected versus actual task performance. *John Jung.* 413–421.

Assessment of death attitudes: An empirical approach. *Kathleen S. Patterson, Larry J. Gates, & Patricia J. Faulkender.* 473–477.

Attribution of responsibility and crime seriousness. *Robert J. Gebotys & Bikram DasGupta.* 607–613.

Behavioral and personality correlates of a need for power in a group of English-speaking South African women. *Rosaline Hirschowitz.* 575–590.

Brothers and sisters: Nature and importance of the adult bond. *Joan Pulakos.* 519–520.

Cheating as a function of task outcome and Machiavellianism. *Sharon Flynn, Michele Reichard, & Steven Slane.* 423–427.

Clinical observations concerning active duty veterans with post-Vietnam adjustment problems. *Brian G. McCaughey, James H. Kleiger, Arthur C. Miller, Antonio F. C. Reyes, & Howard W. Nathan.* 159–168.

Cognitive level and achievement in computer literacy. *Dona Kagan & Leah Rose Pietron.* 317–327.

Combining methodologies in the construct validation process: An empirical illustration. *Joseph A. Cote, M. Ronald Buckley, & Roger J. Best.* 301–309.

Community responses following suicide, homicide, and other deaths: The perspective of potential comforters. *Lillian M. Range & Karin E. Thompson.* 193–198.

A comparative analysis of the effects of alienation on public and private school females. *Raymond Calabrese.* 237–242.

Contextual effects on category rating scales. *Ajit K. Dalal.* 479–487.

Convergent evidence for basic motivational dimensions. *Frank W. Wicker, Frank B. Lambert, Kevin Groves, & Randall D. Morgan.* 429–440.

Cultural and emotional components of loneliness and depression. *Lorie R. Hsu, B. Jo Hailey, & Lillian M. Range.* 61–70.

Depression during and following pregnancy: Quality of family relationships. *Lilly Dimitrovsky, Michal Perez-Hirshberg, & Rivkah Itskowitz.* 213–218.

Developmental and contextual influences on the processing of information about peers. *Lynn M. Musser, William G. Graziano, & Janet S. Moore.* 387–400.

Diagnosis and intervention in young children: The continuing gap. *Joan F. Goodman.* 21–35.

The dimensions of cognitive appraisal and its relationship to physical and psychological well-being. *Terry Lynn Gall & David R. Evans.* 539–546.

Does lexical marking affect eyewitness recall? *Kenneth D. Kallio & Brian L. Cutler.* 249–258.

The effect of humor on aggression catharsis in the classroom. *Avner Ziv.* 359–364.

The effects of an anti-nuclear war film on attitudes toward nuclear issues. *William Donald Gunn & Peter Horvath.* 615–622.

Effects of Machiavellianism, other-enhancement, and power-position on affect, power feeling, and evaluation of the ingratiator. *Janak Pandey & Purnima Singh.* 287–300.

Effects of reward contexts on young children's task interest. *Richard A. Fabes.* 5–19.

Failure in class-inclusion reasoning in a university sample. *Ann E. McCabe.* 351–358.

Family and school environmental correlates of integrated science achievement. *Charles Onocha & Promise Okpala.* 281–286.

Gender and race achievement profiles of black and white third-grade students. *Ralph Scott.* 629–634.

Gender, gender role, and physical appearance. *Linda A. Jackson, Linda A. Sullivan, & Janet S. Hymes.* 51–56.

Happiness and radical career change among New Zealanders. *Peter Roborgh & Barrie G. Stacey.* 499–511.
A hierarchy of sexual harassment. *Donald E. Terpstra & Douglas D. Baker.* 599–605.
Integration of affect and cognition in intrinsic motivation. *Johnmarshall Reeve & Steven G. Cole.* 441–448.
The internal consistency of moral reasoning: A multitrait-multimethod assessment. *Anthony Cortese.* 373–386.
An investigation of the relationships between children's self-concepts and evaluations of parent figures: Do they vary as a function of family structure? *Gerald D. Nunn & Thomas S. Parish.* 563–566.
The level of involvement and the timing of betting in roulette. *Robert Ladouceur & Marie Mayrand.* 169–176.
Locus of control and hostility: Sex differences. *William R. Pefley.* 329–334.
Love deprivation, Wechsler performance > verbal discrepancy, and violent delinquency. *Anthony Walsh, J. Arthur Beyer, & Thomas A Petee.* 177–184.
Meaning in life categories of later life couples. *Peter Ebersole & Steve DePaola.* 185–191.
A measure of sex role salience. *Shashi Ravinder.* 203–205.
Mediating effects of material payment, social reinforcement, and familiarity on foot-in-the-door phenomena in Thailand. *David V. Stimpson & Sithichoke Waranusuntikule.* 513–517.
Mental health, belief deficit compensation, and paranormal beliefs. *Jack F. Schumaker.* 449–455.
Meta-analysis of pragmatic and theoretical research: A critique. *Siu L. Chow.* 259–271.
Minor tonality music preference and oral dependency. *Samuel Juni, Susan P. Nelson, & Robert Brannon.* 229–236.
Models of educational career with and without IQ measurements. *Pieter A. Vroon.* 273–279.
Neglected and rejected children: A social-skills model. *Melissa M. Monfries & Norman F. Kafer.* 401–407.
A note on young children's recall-memory proficiency with strange and familiar experimenters. *Robert E. Nida & Garrett Lange.* 567–574.
Predicting voting choice from within- versus across-subject attitudes. *Robert F. Ahlering.* 623–627.
The prediction of students' satisfaction with community college vocational training. *Paul D. Geyer, Yevonne S. Brannon, & Ronald W. Shearon.* 591–597.
The purpose in life questionnaire in a Chinese context. *Daniel T. L. Shek, Eric W. Hong, & Mary Y. P. Cheung.* 77–83.
The recognition of adults' and children's facial expressions of emotions. *Claire Tremblay, Giles Kirouac, & Francois Y. Dore.* 341–350.
Reducing the gap in reading performance between Israeli lower- and middle-class first-grade pupils. *Zvia Breznitz.* 489–497.
Reinforcing functions of altruism and leaving the scene. *Mark H. Stich, Robert Frank Weiss, Robert Ervin Cramer, & Richard A. Feinberg.* 457–471.
Relationship of obsessive-compulsive disorder: A review of the literature. *Jerrold Pollak.* 137–148.
The relationship of temperament scores to the way young adults adapt to change. *Helen Altman Klein.* 119–135.
Rorschach assessment of borderline children. *Betty Pfefferbaum, Deborah Mullins, Howard M. Rhoades, & Edward J. McLaughlin.* 219–228.
The self-esteem of pupils from India,

the United States, and the Philippines. *George Calhoun, Jr., & Renuka Sethi.* 199–202.
Self-reports of eating behavior, goals, imagery, and health status: Principal components and sex differences. *Dale D. Simmons.* 57–60.
Sociocultural assumptions of federally sponsored follow through programs. *Jack P. Lipton & Raymond T. Garza.* 37–50.
Sociometric status and self-esteem of American and Chinese school children. *Lian-Hwang Chiu.* 547–552.
Some reasons for distinguishing between "non-normative response" and "irrational decision." *Kevin Lanning.* 109–117.
Some reflections on Harris and Rosenthal's 31 meta-analyses. *Siu L. Chow.* 95–100.
Stereotypes concerning musicians within symphony orchestras. *Jack P. Lipton.* 85–93.
A survey of psychologists' perspectives on catharsis. *Mary Kay Biaggio.* 243–248.
Threat, authoritarianism, and the power of U.S. presidents. *Stewart J. H. McCann & Leonard L. Stewin.* 149–157.
Tracking the psychosocial predictors of older individuals' television uses. *Richard M. Perloff & Julia Krevans.* 365–372.
The validity of Landfield's measure of personal construct ordination. *William V. Chambers, James W. Grice, & Teresa A. Fourman.* 521–523.
Women's self-reported responses to abortion. *George M. Burnell & Mary Ann Norfleet.* 71–76.
